

4 New Refinements

Arrow points to new and improved windshield. Upper half overlaps lower half. Absolutely rain-tight.

Wider and longer seats and deeper cushions, as indicated by arrow.

Instrument board, showing gasoline gauge, electric dashlight, speedometer, electric starting and lighting plugs and ammeter.

Arrow shows old and new springs. New springs much longer and deeper.

MAXWELL Motor Cars are now equipped with a new and improved windshield, still longer and more flexible springs, wider seats, deeper and softer cushions, dashlight, gasoline gauge, and other equally important refinements.

To the generous value heretofore present in the Maxwell product, these extra improvements have now been added.

This is in line with the Maxwell policy—so widely advertised—not to change the Maxwell in any essential detail, but to continue improving it so that it will always be a standard, recognized product, constantly abreast of the best practices of the industry.

Notwithstanding the superlative and sometimes confusing claims that are made in behalf of various automobiles, we restate our sincere conviction that **Maxwell Motor Cars offer more real value**

per dollar than any other car in the world.

This too, is the belief of the thousands and thousands of Maxwell owners. And these beliefs are supported by actual and tangible facts. We actually know that within the entire history of the automobile business, no motor car—in any class or at any price—has equaled the Maxwell in honest dollar-for-dollar value.

And if you will examine a Maxwell, ride in it, compare it with other cars, consider its splendid record, reputation and past performances, you too, will know it.

Call or phone for a demonstration.

OBITUARY.

Ford J. Waldorff, who died at Grace hospital, Detroit, on Tuesday, Sept. 26, 1916, after only a few days' illness, was born Sept. 7, 1892, and lived on the old homestead northwest of Yale until a few years ago. After leaving Yale High school he completed a course in the Cleary Business College at Ypsilanti, and then accepted a position with the Studebaker Company, Detroit, where he was employed up to the time of his death. He was a great base ball and foot ball enthusiast, and his wide circle of friends, won through his cheerfulness and good will toward all, shows the high esteem in which he was held.

Besides a mother he leaves 2 brothers and 5 sisters: Harry of Valparaiso, Mrs. George Mason, Mrs. Fred Sheardy and Edward, of Yale; Mrs. Merton Garlock, of Hastings; Mrs. Clayton Middleton, of Flint, and Lois, of Chicago, all of whom were here for the funeral.

The funeral was held at the M. P. church Saturday afternoon, Rev. C. Randall officiating, and interment made in Elmwood cemetery. Many relatives from a distance attended.

We desire to express our appreciation and thanks to our friends and neighbors for sympathy, assistance and beautiful floral offerings after the death of our beloved son and brother, Ford.

We also thank the choir for the beautiful songs rendered.

Mrs. Waldorff and Family

This story, which is running in the Expositor is one of the most interesting ever screened in Yale, and has large crowds at each episode. Next Tuesday evening "The Cub" will be the attraction, but the funniest is yet to come—on Tuesday evening, Oct. 17. The management has secured the use of that famous comedy, "Excuse Me."
